

We're looking for new trustees!

Do you share our vision that the Bradford district becomes a hospitable community where people seeking asylum and refugees are welcome, enjoy access to justice & fair treatment and are supported on their journey to independence and integration?

BEACON is a Bradford-based charity which for almost 20 years has been supporting and working with people seeking asylum in the UK. We currently offer legal support, an English conversation & activities group and accommodation for those who would otherwise be destitute.

BEACON has an enthusiastic and committed Board of Trustees who work with a skilled, dedicated staff team. We are hoping to strengthen the board to include new trustees who will increase our range of skills and experience to be able to achieve our vision and realise our future strategy to expand and develop our work.

We are especially keen to recruit people who have skills or experience in one or more of the following areas:

- lived experienced of the asylum system or refugee resettlement
- experience of business development in a charity context
- an understanding of asylum & immigration legislation
- networking skills or experience of community engagement to help raise our profile
- digital expertise including marketing and brand development
- paid or voluntary experience in the refugee and asylum support sector

Interested?

If you have any of these skills or other relevant experience and might be interested in this volunteer opportunity, you can find out more by:
